

## INDIANS WORK THE CAMERA FIENDS.

Whole Families Scheme to Get Dimes and Dollars Out of Tourists.  
Special Correspondence of THE STAR.

FLAGSTAFF, A. T., Jan. 1.—Nothing interests the traveler on the railroad journey through New Mexico and Arizona more than the Indians who lounge about the stations. The sight of a puffing locomotive, a train of cars and a crowd of eager tourists seems to fascinate these strange and lazy children of the plains. Dressed like Joseph in his coat of many colors, they appear picturesque and interesting.

The first Indian we saw looked very ancient. He was of medium height, and his long gray hair hung over his shoulders. A pipeful of tobacco appeared to be the height of his ambition. This old man seemed unconscious of the presence of any one else in the world but himself. Soon a crowd of at least 50 persons were before him and surveying with curious eyes the contented Indian. One venturesome youth poked him with an umbrella, but the sly old fox never moved, and a brakeman afterward said the same performance took place every day in the year. The old fellow seemed to enjoy admiration.

Most people bring cameras with them, and the desire to secure pictures of the Indians helps the red race. I imagine a stop of, say, three minutes at some unimportant station or watering tank. As soon as the train comes to a standstill a flock of tourists alight upon the platform. But a dusky queen, with several princes and princesses, is on the alert, and at the sight of a line of cameras she springs up like a young lioness. The mother flies into a rage and presses her babe close to her breast. Other children in the same family gather around, and all look defiant. This is the first act.

The chances are that the mother will scream, and then a self appointed spokesman among the camera fiends will beg for a chance to take her picture. At first the mother will not think of it, but after much coaxing she names \$2 as a price. This is a staggering blow. Then some individual offers a quarter, but the mother looks insulted, although, unknown to the camera fiends, she is all the while eyeing the conductor. When the train is about to start, she surrenders. It is then often too late, as the fiends may have been disgusted, so the frantic woman

peering rifles, which they had never seen, and as we kept on shooting and killing they got frightened and ran."

## TAKING THE REINS.

The world's record for fastest clipping of a horse is 14 minutes.

Arlington, 2:22½, has trotted in 2:14 on a half mile track and may be Gold Leaf's first 2:10 performer.

Bishop Hero, 2:21, the Pacific coast veteran, is being driven on the roads at San Francisco by General Shafter.

J. Sutherland has bought 50 acres from A. H. Bernal at Pleasanton, Cal., and will build a track. He will also erect a large training barn and some 40 box stalls.

N. B. Wheeler, Cresco, Ia., reports a new record of 2:23½ for his pacer Fitzgerald, by Flusk, 2:13½, and that he was timed in 2:17½ in a race at Charles City, Ia., over a poor track.

The latest device to encourage high stepping in coach horses is a glass worn like goggles, the crystals being so formed that the ground appears nearer than it is. It is said to work all right.

A horse show will be held next year under the auspices of the French government in connection with the Paris exposition. Twelve prizes, worth \$2,300, will be offered for American harness horses.

Ardine, 2:23½, and Abby Kelly, 2:24½, are two more new ones for Pilot Medium reported by D. D. Streeter of Kalamazoo, Mich., former owner of Peter the Great (4), 2:07½, the star of the family.

Porter Bairy, Pyatt, Ills., reports that his stallion Santamago, by Indicator, 2:23½, son of Gold Dust, won the free for all at Grayville, Ills., in September in straight heats, reducing his record to 2:18½.

F. D. Spotswood of Harrodsburg, Ky., has a 3-year-old trotting filly by Baron Wilkes, dam by Nutbreaker, that is a speed phenomenon. Oct. 1, after a very brief preparation, she trotted a three-quarter track in 2:20 and Oct. 24 turned the same track in 2:15½; last half in 1:06½.—Horse Review.

Having a Great Run on Chamberlain's Cough Remedy.

Manager Martin, of the Pierson drug store, informs us that he is having a great run on Chamberlain's Cough Remedy. He sells five bottles of that medicine to one of any other kind, and it gives great satisfaction. In these days of the grippe there is nothing like Chamberlain's Cough Remedy to stop the cough, heal up the sore throat and lungs and give relief within a very short time. The sales are growing, and all who try it are pleased with its prompt action.—South Chicago Daily Calumet. For sale by Fred S. Chaffee.

use of "Golden Medical Discovery"

proves the soundness of Dr. Pierce's theory that in these days of haste and hurry the stomach is the common breeding place of disease. These cures also prove the soundness of Dr. Pierce's reasoning that "diseases which originate in the stomach must be cured through the stomach." The "Discovery" is a medicine for the stomach and other organs of digestion and nutrition. When the stomach is healthy the blood made in the stomach is healthy, and sufficient in quantity to nourish the nerves and strengthen the system to resist or throw off disease. Nature develops life, sustains life and preserves life by nourishment. Vital failure comes when the body is starved either from lack of food or the inability of the digestive and nutritive organs to extract the nourishment from the food taken into the stomach. "Golden Medical Discovery" takes the obstacles from Nature's way so that she can sustain life by her own methods. Dr. Pierce's Pleasant Pellets assist the action of "Golden Medical Discovery."

I have used Ripans Tablets with so much satisfaction that I can cheerfully recommend them. Have been troubled for about three years with what I called bilious attacks coming on regularly once a week. Was told by different physicians that it was caused by bad teeth, of which I had several. I had the teeth extracted, but the attacks continued. I had seen advertisements of Ripans Tablets in all the papers but had no faith in them, but about six weeks since a friend induced me to try them. Have taken but two of the small 5-cent boxes of the Tablets and have had no recurrence of the attacks. Have never given a testimonial for anything before, but the great amount of good which I believe has been done me by Ripans Tablets induces me to add mine to the many testimonials you doubtless have in your possession now.

A. T. DEWITT.

I have been a great sufferer from constipation for over five years. Nothing gave me any relief. My feet and legs and abdomen were bloated so I could not wear shoes on my feet and only a loose dress. I saw Ripans Tablets advertised in our newspaper, bought some and took them as directed. Have taken them about three weeks and there is such a change! I am not constipated any more and I owe it all to Ripans Tablets. I am thirty-seven years old, have no occupation, only my household duties and nursing my sick husband. He has had the dropsy and I am trying Ripans Tablets for him. He feels some better but it will take some time, he has been sick so long. You may use my letter and name as you like.

Mrs. MARY GORMAN CLARK.

I have been suffering from headaches ever since I was a little girl. I could never ride in a car or go into a crowded place without getting a headache. Sick at my stomach. I heard about this or that who was taking them for catarrh of the stomach. She had found such relief from their use she advised me to take them too, and I have been doing so since last October, and will say they have completely cured my headaches. I am twenty-nine years old. You are welcome to use this testimonial.

Mrs. J. BROOKMYER.

My seven-year-old boy suffered with pains in his head, constipation and complained of his stomach. He could not eat like children of his age do and what he did eat did not agree with him. He was thin and of a sallow color. Reading some of the testimonials in favor of Ripans Tablets, I tried them. Ripans Tablets not only relieved but actually cured my youngest, the headaches have disappeared, he is in good condition and he no longer complains of his stomach. He is now a red, chubby faced boy. This wonderful change I attribute to Ripans Tablets. I am satisfied that they will benefit any one (from the cradle to old age) if taken according to directions.

## Hyler's Dyspepsia Tablets.

WHAT HAS BEEN DONE FOR OTHERS CAN BE DONE FOR YOU.

Read Mr. Cox's letter below: only one of thousands we have on file in our office: Murdock Cure Co., Atlanta, Ga.

Gentlemen:—It is with diffidence that I write you, for I am not one who likes to lend his name in print, but I feel that in this it is my duty to those who suffer and my gratitude to you to write you what Hyler's Dyspepsia Tablets have done for me. Six months ago I was up all hours of ever being well again. I suffered horribly from my stomach all the time at times hardly able to get my breath. Had tried many physicians—some said dyspepsia, others heart trouble, others still catarrh of stomach—all did me no good. A friend advised Hyler's Dyspepsia Tablets. Without hope I got them, and began taking. To my surprise they gave immediate relief, and, after using three boxes, I was now cured and feel better than I have in years. Enclosed find \$2.00, for which send me three boxes; want one of them for my sister and the other, while I now don't need them, to keep them in my house.

B. F. COX.

HYLER'S DYSPEPSIA TABLETS are especially prepared for Dyspepsia, Indigestion, Catarrh of Stomach, Constipation, Bile, and all diseases arising from a Disordered Stomach or Liver.

Hyler's Dyspepsia Tablets are put in bottles of 100 and 500. Price, \$1.00 per box, on receipt of payment. MURDOCK
